New Shared Branching IDCheck

Beginning May 1st, when you visit an out-of-state Shared Branching location, a new ID proofing measure will be required when accessing your account. This new fraud prevention measure ensures it is YOU trying to access your account, not an imposter.

When visiting a Shared Branch location, a teller can now identify and authenticate members with out-of-state IDs in the branch through a QR code and one-time passcode multi-factor authentication verification. This additional layer of authentication will be used for loan payments, cashier's checks, deposits, withdrawals, transfers and account inquiries.

How it Works:

1. Scan the QR code located in the branch or visit verify.coop.org.
2. Select your credit union's name from a drop-down list.
3. Enter your member number and the last four digits of your social security number.
4. Upload a photo of your ID.
5. Take a selfie. *Tip: Save your validation for quicker experience next time!*
6. Show your one-time passcode to the teller (valid for 20 minutes).

Insure Your Toys

As Spring approaches, remember those warm weather toys need insurance protection. Boats, golf carts, ATVs, UTVs, mopeds, side X sides are only insured on your property, so if you leave home, you are uninsured. Don't let summer fun turn sour!

Contact Vialnsurance Agent, Beth Combs, to ensure your toys are properly covered.
